Good Advances Made in the Early Part of Day.

DECLINES NEAR THE CLOSE

New York, June 10.—Prices of stocks advanced to-day and the security market was active during the first three-quarters of the time devoted to business.

After then the market became dull and values lost a good share, and, in some instances, the greater portion of the previous rise, closing as they did yesterday with an irregular display of advances and recessions.

On the whole, the market undoubtedly exhibited a stronger undertone than it did on the day before, even if it was still open to the criticism that it was a market to a large extent of specialites and that the rise in certain particular stocks did not stimulate a general advance all sections in the stimulate a general advance all sections is advanced to business.

A notable exception to-day to the upward tendency in the railroad shares, was, as yesterday, Southern Pacific tock, and liquidation here was presumably due to the same cause as that operative on the preceding day; from the fact that knowledge of the plans for retiring Southern Pacific preferred is "out," no further development of interest in the company's affairs is expected for a con-

There were not many matters to-day in the news having an influence on the market one way or the other.

The money market was again inclined moderately toward firmness, call money lending freely in the latter part of the day at 2½ per cent, with time money rates stoutly maintained, especially for the longer periods. Sterling exchange to-day too, rose 10 points.

WOULD GIVE AWAY BEER.

William D. Hatton, proprietor of an 84%

oyster house in Northwest Washington, WHEATwants the Commissioners to give him permission to give away, free of all cost, with each bowl of soup or plate of oyssters, a bottle of beer. This is the only way, he says, he can

get even with the saloons in his immediate vicinity which have free lunches and soups, which are served during certain hours of the day with each purchase

Mr. Hatton, through his attorney, J. C. Foster, in a letter to the Commissioners told that body that by prohibiting cafe proprietors from giving away beer with their food the latter are being discriminated against. Several saloons in the neighborhood of Mr. Hatton's oyster house, he stated, have so increased the variety of the food served with their beer that the cafe business of Mr. Hatton's oyster beer that the cafe business of Mr. Hatton's oyster ton has been seriously impaired.
